

WHEN MANUFACTURING ASSETS FAIL

Our repair and remanufacturing services keep you up and running.

We repair over 7,000 brands of Industrial Electronics! Call us today at (877) 390-8511. What do you have to lose except unnecessary downtime?

Restore your equipment to its original operating condition

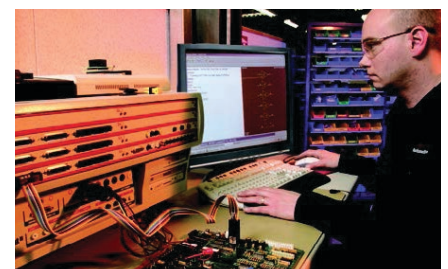

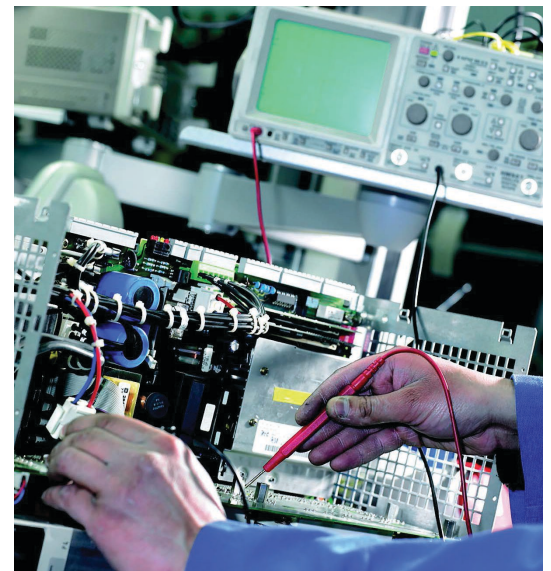

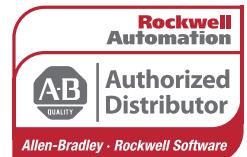

Just fixing the problem that caused your part to malfunction isn't always enough to guarantee its proper operation.

Repair services include:

- Thorough cleaning of incoming products
- Diagnostic tests to locate defective components
- Circuit analysis to isolate marginal components
- Defective and marginal components replaced
- Verification of repair using state-of-the-art test equipment
- Ships in safe static free packaging
- 12-month warranty

Our remanufacturing services include a comprehensive process to restore your Allen-Bradley® and Reliance Electric equipment to its original operating condition. It includes all the repair services above plus...

- Immediate exchange parts available
- Latest firmware installed
- Remanufactured product is "like new" condition
- Accessories (keys, manuals, batteries, etc) are included when the product is returned
- Parts ship fast — we stock most exchange parts
- Up to 24-month warranty is available
